

K9 Competition:

K9 Handlers will have a timed event in Narcotic Detection and Obstacle Course. The times of each event will be added together for determining the overall time of each K9 Team for this competition.

Narcotic Detection Exercise:

This event is timed and will consist of 3 vehicles. One of the vehicles will contain the presence of narcotics. The handler will need to state how the dog will final respond and call which vehicle is “hot” or containing the narcotics.

K9 Obstacle Course:

This event is timed and will consist of several obstacles the K9 must negotiate. The handler can run the dog on or off leash. The following obstacles are currently set to be used in this course.

1. 36” Chain link fence jump
2. 32” Wall jump
3. 24”x 5’ Drain Tile Dog must enter one end and exit opposite end of tile
4. 18” x 8’ Drain Tile Dog must enter one end and exit opposite end of tile
5. 32” Plastic Picket Fence Jump
